

From retro toys to fashion trends, we all love a good throwback (especially for grown-ups, because it reminds us of being young again)! There are things that remind us of a moment in time, but other things feel timeless and like they're always in style.

In this three-week series, kids will travel through the centuries and see that the teachings of Jesus in the Gospels are always trending. Stories from yesterday can help us today. As we hear from Jesus, we'll see **we can always forgive**, **Jesus is always fair**, and **love always needs action**.
